Warranty Claim Instructions

Please remember that this warranty covers only damage resulting from defects in material or workmanship; it does not cover conditions or malfunctions resulting from normal wear, neglect, abuse, accident or repairs attempted or made by other than our national repair center or authorized warranty service centers. Driver blades, sharpener cutters, punch heads, cutting discs, etc. are considered normally wearing parts. A safe rule of thumb is that if the product has been in service for a period of time, and you are now starting to notice a decline in performance, it is most likely related to worn cutters, punch heads or the like, and is not covered by the warranty.

1. Fill out the above warranty claim form
