

Super Pro™ 6 Commercial Electric Sharpener

EPS12HC

From function to form, each element was engineered for high use commercial environments. At the heart is the extreme QuietSharp™ fan cooled, thermally protected, motor for heavy-duty usage. For super fast sharpening, the XHC™ Cutter Technology is 75% faster** with 12x* longer life. The Tip Saver Technology™ prevents over sharpening, extending pencil life. For ultimate safety, a MagnaSafe™ tamper proof safety switch is automatically activated when shaving tray is removed for safe cleaning. Oversized die cast base with suction cup feet for ultimate stability.

Built with the classroom demands in mind, students can sharpen their pencils quickly, quietly, and safely. Operation is quiet and endures strenuous classroom use with the QuietSharp™ super duty motor and thermal overload protection. Improving class time, our XHC™ cutter technology allows for 70% faster sharpening**. To ensure safety, our tamper proof, MagnaSafe™ Shutoff Technology skillfully prevents operation when the high volume shaving tray is removed! Easy turn 6 size pencil selector dial supports multiple pencil sizes.
