

**Supplies:**

- "Happy New Year" Banner printable
- Black & Decker Flash™ Series thermal laminator
- Black & Decker TimeShield™ letter size thermal laminating pouches
- Single hole punch
- String or twine
- Scissors

**Directions:**

1. Print out the PDF file and laminate each page in its own letter size laminating pouch.
2. Cut out each individual card and discard trimmings.
3. Using the single hole punch, create two holes using the punch marks provided.
4. Take a single piece of string or twine and weave in and out of each hole to connect all of the letters/flags.
5. Hang each piece of the banner on your wall using whatever materials you choose!
